

CCPOR Stainless Steel Portable Reel

(AIR, WATER, OIL (MAX 700PSI))

The Redashe CCPOR series hose reels offer a lightweight, portable means to transport longer lengths of hose around the workplace or site area. Constructed in a heavy gauge, 304 grade stainless steel and finished in a semi polished finish. Units are supplied as standard with 150mm pneumatic wheels to ease transportation over uneven surfaces.

FEATURES:

- 304 Grade, stainless steel construction
- Full flow swivel assembly for maximum product delivery. Shaft constructed in stainless steel, body constructed in nickel-plated milled brass
- Swivels have a twin O' ring design for extended trouble free service
- Fitted with viton seals as standard
- Swept riser assembly for easy hose installation
- Smooth and positive direct crank design
- Ideally suited for wash down applications in the food industry, chemical manufacturing, marine & offshore applications
- Supplied as a bare reel, hose at extra cost (Application Needed)
- Direct hand crank design
- Anti-slip rubber feet to prevent movement when pulling off the hose
- 2-year manufacturers warranty.
