

Reelworks - SS809 Series

STAINLESS STEEL SPRING REWIND HOSE REELS

The SS809 Series stainless steel spring rewind hose reels are constructed in 304-grade stainless steel and other non-corroding materials. These reels are designed for harsh, corrosive environments or where hygiene is of primary importance. Ideally suited for wash down applications in food processing areas, marine and offshore. Their smaller size and bore capacities compared to the SS808 series makes them ideal in kitchen areas.

FEATURES:

- Heavy duty stainless steel construction
- Double supported solid 1" stainless steel axle
- Latching of hose at any length
- Fully automatic hose rewind for neat and tidy storage
- Non-snap roller guides reduce hose wear
- Slotted and drilled mounting hose for easy installation
- Externally mounted full flow stainless steel swivel assembly
- Supplied as a bare reel (hose supplied at an extra cost)
